June 15, 2010

Dear Members:

Enclosed in this email and also in your convention package you will find a brief profile of our legislative guests attending the convention this year. Please take the time to review this information and get to know our friends and their jobs at the Capitol. Pay particular attention to the committees they serve on and especially if they also happen to be the chairman of a committee. The most important thing that we need to focus on is making sure our guests feel welcome and that we offer some educational information about our Industry if an opportunity occurs to do so.

Thanks for your help and I look forward to seeing you at Sawgrass.
